MEMORANDUM FOR: Executive Assistant to the Director

SUBJECT: Interagency Priorities Committee

1. When the Interagency Priorities Committee was established to deal with requirements for covert collection, this Office was designated the temporary representative of the Agency's substantive offices.

2. The major steps to get on with the problem of covert requirements have now been taken in the IPC. In the course of its operation there has been developed a full and adequate working relationship between the most interested offices on the substantive side. It is my belief that representation of the Agency can now be more properly handled by naming [REDACTED] of O/RR as the Agency's representative with [REDACTED] of O/SI as the alternate. Unless there is objection to this from the Director's Office we will proceed on this basis and I will assist these offices as necessary to assure that there is proper consultation among the offices and will keep in close touch with the development of the work of this Committee.
